

Science, Discovery & the Universe

Sophomore Project Agreement

Fall Semester 2009

This completed form serves as the agreement on my capstone project for the semester indicated above. The successful completion of a capstone project is one of the requirements for College Park Scholars, and SDU requires a capstone effort in both semesters of the sophomore year. In conjunction with attendance of the sophomore colloquium, this effort will earn two credits per semester. This form must be completed and returned in hard copy to Dr. Miller or Dr. Peel.

I have completed the information below and have obtained the signature and contact information of my project mentor. My mentor understands that he/she will be contacted by the SDU faculty to evaluate my performance on the project. Furthermore, I have discussed the project with Dr. Miller or Dr. Peel and received assurance that it is suitable for my capstone effort. I agree that my effort for this project will amount to at least 70 hours of time outside the classroom (roughly five hours per week over the course of the semester). If there are any changes or delays in the project, I will communicate such information to the SDU faculty within a timely fashion.
